

REETS-TEN

Stepwise implementation of the European Electronic Toll Service: REETS Project

Hubert Resch, ASFINAG

European Electronic Toll Service (EETS): milestones

REETS-TEN

- **April 2004: Directive 2004/52/EC:** Directive provides for the Setting-up of a European Electronic Toll Service (EETS)
- **October 2009: Decision 2009/750/EC** of the Commission on the definition of the EETS and its technical elements (approved by Member States in the Toll Committee)
- **October 2012:** EETS to be available for vehicles exceeding 3,5 tonnes and coaches (Obligation of Member States according to Art 3 (4) Directive 2004/52/EC)

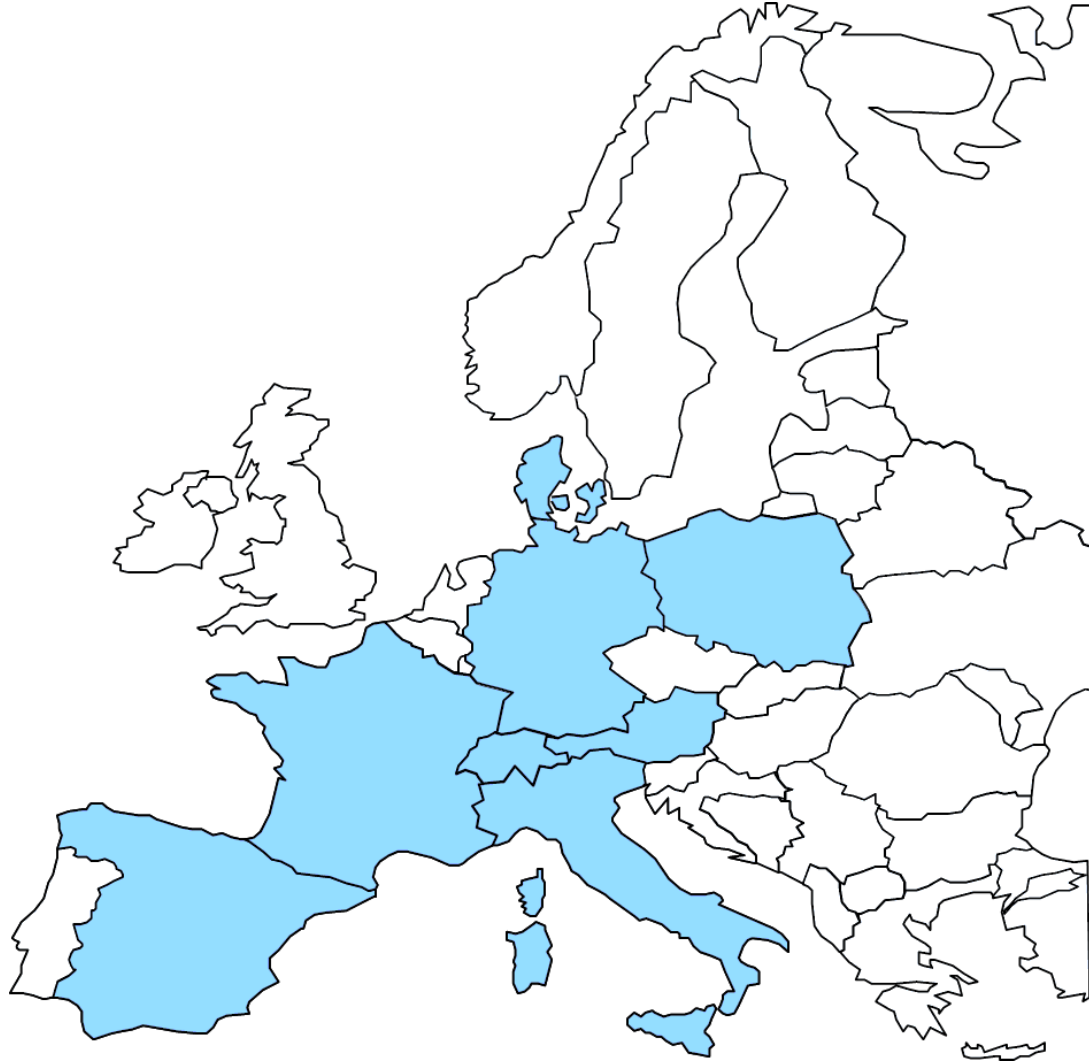

REETS-TEN: important milestones

REETS-TEN

- **August 2012:** Commission suggests "a stepwise approach" (COM [2012] 474)
 - Regional approach to kick-start deployment of EETS (REETS)
 - Indication of provision of TEN-Funding for REETS-projects
- **September 2012:** High level meeting of major stakeholders with EU Commission
 - ASFINAG (Klaus Schierhackl) takes over coordination of a proposal for a REETS project
- **November 29, 2012:** TEN-T call for REETS-proposals
- **March 26, 2013:** Submission Proposals REETS-TEN
