

A concrete solution : THE MOTORWAY STIMULUS PLAN

- Plan signed between the French Government and the concession companies
- **3,27 Billion** of investment
- More than 20 important operations
- Extension to concession contracts : 2,6 year
- 8 200 jobs a year

For the French government :

- No own investment
- Rapid investment

Example of TOULON

- Maintenance and safety of 11 km motorway with a 3,3 km tunnel
 - Extension of 7 km busy motorway (120 000 veh/j)
- = **Management transfert Government/ Private + recovery of personnel +**
« free » investments for government and users

Creation of car-pool parking

- More than **5 400** parking places
- Partnership with public communities to develop and promote multimodal exchanges (car, bus, bike...)

Become an actor in urban mobility

- Creation of new interchanges, exchange poles
- Development of the existing network :
dedicated bus lane, dynamic traffic management,
environmental integration, reduction of noise
and pollution ...
