Klaus Schierhackl, CEO of ASFINAG

What is EasyGo?

- EasyGo is a joint venture between Toll Chargers.
- Based on the principle of Directive 2004/52/EC
 - one vehicle - one OBE - one contract
 - one payment request
- EasyGo includes toll roads and ferry lines using DSRC for payment.
- The EasyGo services is available to more than 2.6 million OBE users.
- The service includes more than 50 toll chargers incl. ferries in five countries.
- EasyGo Partners:
 - Norwegian and Swedish Road Administrations
 - Publicly owned companies ASFINAG, Storebælt bridge and Øresund Bridge.

ABOUT EASYGO

EASYGO+

WELCOME TO EASYGO

EasyGo is a European partnership that enables you to use your AutoPASS or BroBiz at several locations in Denmark, Sweden and Norway, as well as on ferry services between Denmark and Germany. You can find the payment points in the EasyGo system at this website by clicking the relevant country map. You can also read more about the partnership.

EasyGo makes it easier to be a traveller. When you arrive at the toll station, just follow the signs for BroBiz or AutoPASS. There's no need for local currency or credit cards, you only need to be a customer with one service provider. All you do is fix the transponder on your windscreen and then you're ready to go - it couldn't be easier!
