

Ready for the revolution of Gantries? Yes. With the **wooden Green Gantry** by Kapsch.

Meet the needs: Green Deal.

Usage of renewable material wood as our contribution to a healthy environment.

Still a necessity: RS Infrastructure.

Our Green Gantry has the same durability & stability as steel Gantries and fulfills the EU standards.

Future demand: Sustainable solution.

Reduces drastically the CO₂ footprint - up to 53 tons per Green Gantry.
